An Online Alternative:

UWGK recognizes that in today's ever-changing modern workforce, our traditional workplace giving mechanisms may not suit the needs of many companies. While the backbone of our campaign continues to feature workplace giving where donors can give via payroll deduct options, we are proud to announce an seamless, unique donor experience where your employees can give online, utilizing our "Harness" application.

Companies can easily co-brand with UWGK to feature their logo and name, and they will be given a unique url that is only for use by their employees. UWGK will work with your team to customize the default, suggested donations (if desired), make any changes to the formal "ask" on the right-hand side, and generate an embed code, should you desire to feature the portal on your own website.

[View the example here.](#)

For set-up or a demonstration, contact Lori Miller via email: lmiller@uwaykpt.org.
